

SUPPORT FOR OTHER SHOWS

UK Games Expo is offering support to other tabletop games shows by making available items from our Stourport-On-Severn located warehouse as well as marketing support and advice.

What are the costs?

To borrow items that we have in stock there is no charge. However, if items are lost or broken then it will be the hirer's responsibility to pay the replacement cost as detailed in the terms and conditions, paragraphs 2 and 7. Some services have a small printing cost as specified in the relevant sections. All prices are exclusive of VAT. 20% will be added in line with current VAT. VAT invoices can be provided.

Dependant on the level of services we provide, UK Games Expo would expect recompense along these lines:

1. In the case of social media and marketing support and lending out of items requiring minimum preparation by UKGE e.g. a box of lanyards, we just ask for mentions via your own social media channels before your show and again before the current UK Games Expo and the option to send you flyers for placement at the show.
2. In cases where we are providing significant time to prepare the support – e.g. printing banners then we ask for show partner or sponsorship status. We would expect to receive a package along these lines (subject to agreement):
 - UKGE Logo on your event site in a prominent location on the home page.
 - UKGE Logo on your event programme along with a sentence somewhere mentioning the support.
 - UKGE Logo on printed materials you use – e.g. at the bottom of the banners
 - The option to place UKGE banners and a table with UKGE info on at your show.

How does it work?
